

Ariel JG-DA

Cylinders

3.875" JG-DA (S/N: C-90871) 1270#

3.875" JG-DA (S/N: C-90872) 1270#

Notes

These Ariel cylinders were manufactured in September 2007. They are good low-hour (7,764 hrs) pull offs. Both are complete with piston, piston rod, packing case, and all valves.

Both bores are smooth and clean and mic perfectly at 3.875".
