

200HP / JGQ-2 / 3-stage

Driver

North American Electric
200HP @ 1790RPM
Frame 447T
3Phase/60Hz/220V

Compressor

Ariel JGQ/2
S/N: F-51888
Mfg: Oct 2015
R/L: 20,000

Cylinders

7.5" JG (S/N: C-184081) 500# w/ VVCP (U-125276)
5.125" P10-HE (S/N: C-253420) 1200# w/ VVCP (U-161253)
3.25" P11-CE (S/N: C-184187) 1800#

Cooler

East Texas Radiator (S/N: 10972192008) Built: 2014

| IC1 | IC2 | AC |

| 2 nd Interstage | 8" | 1250# | FT-2090-32 | 2007 | Fabtech |

Miscellaneous

10HP direct-drive cooler motor
Local electrical junction box on skid

Unit Notes

This electric compressor was packaged in 2015 and is a great gas lift unit. With high pressure P10:P11 tandem cylinders and a 2500# aftercooler, this unit is flexible enough to work in many applications.
